

Big Beautiful Bush Block

Kempsey Stock & Land would like to offer you this beautiful 158 acre rainforest block at Nulla Nulla. This is a great getaway with national park boundaries on three sides. The block is located on the eastern side of the range and has limited level building sites. Water collection would be from rain collection tanks as there are no tributaries or dams currently on the block. The best option for power would be solar and the current access is via the national parks fire trails.
