Great yard for children

This home has a huge block of land that has so much room for swings and trampolines so would be ideal for a young family. It offers three bedrooms, renovated bathroom and kitchen with a large living room across the back that opens onto a covered deck which would be lovely area for a BBQ or just to keep an eye on the children in the yard. The home has a reverse cycle air conditioner plus a single carport and a double shed at the back if you have items to store. Owner would consider a pet but very good references are required.
