Terrific outdoor entertaining area

This home is well located in a small cul-de-sac and the yard is fully fenced off at the back. It offers three bedrooms and two bathrooms which would definitely come in so handy if you have a small family. There are formal living areas plus a family room that leads out onto a really good size covered area that would be ideal if you are a family that loves to entertain outdoors. There is a single garage attached to the home plus a single garage in the rear yard for all the extra items you may need to store. Please note the wood heater does not work.
