## Alluvial Excellence Close To Town

Here's a rarely presented chance to purchase a productive and fertile alluvial block just 3 minutes from town, which would ideally suit fattening, cropping or hay/silage. Approximately 74 acres of improved kikuyu, paspalum & clover pastures, with access to an extra grazing area, subdivided into paddocks, main road frontage and town water connected. A real bonus is the massive flood mound which has a set of steel stockyards, small shed and a large holding yard with more than enough room to build your dream home, subject to council approval. All this only about 5 minutes from town and 20 minutes to the coast. Held in the one family for many years - renowned for its fat bullocks and productive maize crops. Don't miss your chance.
