L66 Berrys Lane, Kempsey

Nature lovers needed

Just back onto the rental market is this two bedroom home in a natural setting close to Crescent Head. It has a front verandah to sit on and enjoy the bush-land setting and native wildlife. There is solar power and tank water only so we need someone who understands living with this. A small refrigerator will be provided as a large refrigerator will not run on the solar power. Definitely no pets and you are only leasing the home shed and carport as the rest of the acres aren't included.
